*To the extent a provision of the policy or a previous endorsement is inconsistent with an express provision of this endorsement, this endorsement controls. This endorsement does not change any other provision of the insurance policy to which it is affixed. This endorsement is a part of this insurance policy and takes effect on the effective date of this insurance policy unless another effective date is shown.*

---

If your policy contains a Calendar Year Hurricane Percentage Deductible (CYHP Deductible) that applies on a calendar-year basis, the following requirements apply:

1. When loss or damage resulting from a windstorm is below the CYHP Deductible, you must:
  - a. Report such loss or damage to us, so that we can apply the amount(s) of such loss or damage in calculating the remainder of the CYHP Deductible for a calendar year.
  - b. Maintain receipts and any other records of such windstorm loss or damage so that we can apply the amount(s) of such loss or damage in calculating the remainder of the CYHP Deductible for a calendar year.

These requirements are in addition to any other duties imposed under this policy.
